- AUTOMATIC SAFETY VALVE WITH LOW PRESSURE BY-PASS
- INDUCTION MOTOR
- MOTOR THERMAL PROTECTOR

OPTIONAL:

- HOSE REEL

PUMP PRESSURE
Max 1750 psi

FLOW RATE
1.6 GPM

ELECTRICAL RATING
120V - 60 Hz

USE: 'if you want to have fun doing your superior cleaning chores. It's not work when it's fun.'

FEATURES:

EXECUTIVE 1750 PSI TSS features a heavy-duty induction motor with AR 3 Axial piston wobble-plate pump. The upright, ergonomic design guarantees unrestricted mobility and minimizes user fatigue. It comes with automatic safety valve with low pressure by-pass, 'Total Stop System' –power to the washer is controlled by the trigger gun (just releasing the trigger shuts it down for longer pump and motor life), detergent bottle (capacity 18 oz), H.P. soft type hose gun. The built-in accessory holder allows you a quick access to the accessories and lets you store everything right.

A safety lock prevents the trigger from accidentally engaging when not in use.

The RLW- hose reel is a very valuable option to optimize the storage space further.

A safety lock prevents the trigger from accidentally engaging when not in use.

Equipped with GFCI to shut down power supply in the event of electrical ground failure.

Includes two lances:

- **adjustable spray head** with pencil and fan jet settings to adjust pressure on demand
- **turbo nozzle** to increase the washing effect and achieve a high area of coverage.
