USE: "if you're not just looking for a pressure washer, but you need the BEST".

High Quality, Italian Design – you're buying all this at the top level. Perfect for any use-light/medium/heavy and any surface area –small/medium/big.

FEATURES:

PROLINER is all you are looking for: the high professional quality comes from a powerful 2.0 Hp induction motor and AR triplex brass headed pump with ceramic plungers and connecting rod system.

Delivering 2.1 GPM, it's ideal to clean large areas saving a lot of time and fatigue.

The sharp ergonomic design –new trolley, built in detergent suction, built in detergent tank- guarantees unrestricted mobility and no effort.

The pressure adjustment tailors the pressure to the application. It comes with pressure gauge and automatic safety valve with low pressure by-pass.

Also includes high/low pressure **adjustable spray head** with pencil and fan jet settings to adjust pressure on requirement, high pressure swivel hose and -foot power cord.

A safety lock prevents the trigger from accidentally engaging when not in use.

Equipped with GFCI to shut down power supply in the event of electrical ground failure.
