110V - 60 Hz

USE: 'to cut all the toughest cleaning tasks short'- Excellent unit for important clean up jobs. Light and medium industrial applications. If you value durability.

#### FEATURES:

VIP 2G15 features a powerful 2.0 Hp 110 volt induction motor -15 Amps- and AR triplex pump with ceramic plungers and connecting rod system. Delivers 2.1 GPM @ 1350 psi. Gun with 36 in. split lance for fast foaming and power cleaning, pressure adjustment, built in detergent suction, pressure gauge are all features. Automatic safety valve with low pressure by-pass and a detergent injector kit with low pressure soap. Thermal switch shuts off when temperature rises too high.

Also includes 25-foot high pressure swivel hose, 35 ft power cord and high/low pressure adjustable spray head with pencil and fan jet settings to adjust pressure on demand: the variable nozzle delivers 0° stream to 60° fan spray.

It is designed to be compact and very portable. Detergent tank and handle allow for easy movement between jobs.

A safety lock prevents the trigger from accidentally engaging when not in use.

Equipped with GFCI to shut down power supply in the event of electrical ground failure.
