62000MU

NEW!

Economic 2.5”

Steel Gages

Dwyer Instruments, Inc., the preferred source for your complete range of practical and affordable instrumentation, is announcing the release of its **NEW SERIES 62000M PRESSURE GAGE.**

The Series 62000M Pressure Gage has dual English/metric scales with 1.6% full scale accuracy. The Series 62000M Pressure Gage may be easily liquid filled in the field without the need for a separate kit.

Units are designed with 304 stainless steel housings and brass wetted parts, and can withstand ambient temperatures up to 140°F (60°C) and process temperatures up to 248°F (120°C). Ranges from full vacuum, to 300 psi are available; the Series 62000MU is a panel mount unit with a U-clamp bracket.

Dwyer Instruments, Inc. produces a broad range of measuring and control instruments for pressure, temperature, level, flow, and many other related applications.
