Model 8407

The ESL Model 8407 PS/2 Keyboard, Monitor and Mouse A/B Switch is designed to allow access from one PS/2 computer to two locations having a keyboard, monitor, and mouse. Alternately, the M8407 can also be used where two PS/2 computers need to be shared among one keyboard, monitor, and mouse location. A front panel selector allows quick and easy switching of the shared device.
