

We've Got Fiber! All Types!

Top-Notch Fiber Cable with Quality Connectors.

Fiber Optic MTP®/MPO Fan Out Cable Assemblies

- 12 Fiber "Plug and Play."
- MTP®/MPO connector for quick connection of 12 fibers.
- 12 times the density of SC connectors.
- Factory terminated and tested.
- Save duct space and installation time.
- Push/Pull mating for quick installation.
- Single-mode and multi-mode fiber.
- Quick-connect cassettes for extra-easy termination.

1x1, 2x2, 3x3, or 6x6 Multi Ribbon MTP® Trunk Cable

- 12, 24, 36 or 72-fiber trunk cable.
- MTP® / MPO Connectors, male or female on ends.
- 50/125µm, 62.5/125µm Fiber.
- Numbered legs each side for easy connection and installation.
- Crush resistant plenum.
- Efficiently distribute multiple fiber strands from point-to-point.

MTP Connector

36 Fiber Ribbon MTP
Trunk Cable

Terminated Fiber, Multimode, 50/125µm, 62.5/125µm or Single-Mode, 9/125µm – All Lengths!

- All connector combinations including: LC, SC, FC, ST, FDDI, ESCON, MTRJ and more.
- Duplex, Simplex, PVC or Plenum.
- Ceramic connectors for low signal loss.
- High reliability, long life quality cables.
- Near-unlimited bandwidth at high speeds over long distances.
- Totally immune to electrical interference.

SC Simplex Terminations

LC Duplex Terminations

ST-SC Terminations

ESCON Terminations

SC Duplex Terminations

FDDI Terminations
