Spring Guides - Round Wire

NOTE: This catalog is currently under construction. Please check back again soon for additional items or call 1-800-203-4290 to inquire about items not currently listed.

Spring Guides are long, slender, close wound springs. They are also called guide wires, coil pipes, outer jackets or spring sheaths. They are used in commercial and medical applications such as biopsy forceps, control cables, catheters and fiberoptic scopes.
