

Stelter & Brinck

Since 1956

CATALYTIC AND THERMAL OXIDIZERS

We have an oxidizer to meet your VOC abatement needs.

"Since installation, S&B's oxidizer has continually destroyed 99.9% of our VOC emissions. In fact, with the help of S&B's thermal oxidizer, we won an Environmental Leadership award due to our reduction of harmful emissions!"

-John Leach, GoodYear (Veyance Technologies)

"Stelter & Brinck's oxidizer has kept us within code and has eliminated the possibility of any emissions fines!"

-Larry McCammon, Keihin Indiana Precision Technology

Stelter & Brinck Product Overview

- Air Heaters**
 - Process Duct**
 - Selective Catalytic Reduction Heater**
 - Indirect Fired**
 - Gun Style**
- Environmental Systems**
 - Thermal Oxidizers**
 - Catalytic Oxidizers**
- Aluminum and Steel Mill Equipment**
- Specialty Ovens and Furnaces**
- Integrated Packaged Systems**
- Controls and Valve Trains**
- Combustion Field Services**

"I give S&B's service reports to the local pollution abatement committee as proof that we are within regulations!"

-John Sheely, Western Digital
