Rectangular Ornamental Tubing Sizes and Finishes

800-222-6144 Fax: 215-536-3255 www.pennstainless.com

Penn Stainless stocks rectangular ornamental tubing in a number of standard sizes and grades, including in 304, 304L and 316/316L. Standard finishes include mill finish and 180 Grit (#4 polish) with availability of 240 Grit, 320 Grit and a #8 mirror finish. Larger rectangular ornamental tubing can be supplied to meet the requirements of larger stainless fabrications thru 24" with wall thicknesses in excess of 1/2". 30" sections can be supplied without a girth weld. Nearly any grade of stainless, duplex or nickel alloys can be produced into rectangular structural sections. All stainless steel rectangular ornamental tubing can be cut to your specific length. Learn more about our laser fused 90 deg cornered stainless structural products ideal for architectural applications.

Penn Stainless Products

Rectangular Ornamental Tubing Sizes and Finishes

800-222-6144 Fax: 215-536-3255 www.pennstainless.com

Penn Stainless stocks rectangular ornamental tubing in a number of standard sizes and grades, including in 304, 304L and 316/316L. Standard finishes include mill finish and 180 Grit (#4 polish) with availability of 240 Grit, 320 Grit and a #8 mirror finish. Larger rectangular ornamental tubing can be supplied to meet the requirements of larger stainless fabrications thru 24" with wall thicknesses in excess of 1/2". 30" sections can be supplied without a girth weld. Nearly any grade of stainless, duplex or nickel alloys can be produced into rectangular structural sections. All stainless steel rectangular ornamental tubing can be cut to your specific length. Learn more about our laser fused 90 deg cornered stainless structural products ideal for architectural applications.
